

Water fountains outdoor fountains solar power

Overview

What are solar-powered fountains?

Our solar-power fountains are crafted from durable yet elegant materials. Some materials include: Outdoor solar-powered fountains require virtually no maintenance. They feature a small piece of sponge that covers the fountain pump and protects it from debris.

Do solar water fountains use solar power?

Standard solar water fountains do not store solar power and can only operate when the solar panel is placed in direct sunlight. However, solar outdoor fountains with battery backup can use either solar or battery power, allowing you to enjoy your fountain at any time, day or night.

Can a solar powered fountain be used outside?

Pumps are also operated these days using solar. Fountains for outdoor decoration are available based on solar power. Solar-powered fountains can be used during the day as well as at night because all fountains come with batteries. You can also use the fountain indoors if you want.
