

Solar360 Mobile Energy

Wholesale price of portable solar power box in Finland

Overview

How many PV modules are in a solar container?

The innovative and mobile solar container contains 196 PV modules with a maximum nominal power rating of 130kWp, and can be extended with suitable energy storage systems. The lightweight, ecologically-friendly aluminium rail system guarantees a mobile solution with rapid availability. at full power.

What is a solarfold photovoltaic container?

at full power. The solarfold Photovoltaic Container is mobile for universal deployment with a light and versatile substructure. The semi-automatic electric drive unit manoeuvres the mobile photovoltaic system into its operating position rapidly and smoothly along a length of around 123 metres.

Is solarfold a good investment?

Solarfold amortises very quickly, whether operating in Italy, northern Germany or in Austria; and guarantees ideal energy yields – whatever the weather. It's an investment that pays off very quickly in the short-term, while promising long-term energy independence. Basic solarfold energy yield data for Duisburg, Germany, and Foggia, Italy.

What is the solarfold container monitoring app?

The free monitoring app is part of your package and enables you to monitor the solarfold Container at any time, and from anywhere. The comprehensive functionality of the app supplies data about yield, energy flow and the amount of electricity currently being fed into the grid – and all in real-time.
