

Xtm 160w folding solar panel kit

Overview

What is a XTM 160W folding solar panel?

Nothing beats the eco-friendly, flexible support of solar power when you're on the road. The XTM 160W Folding Solar Panel is perfect to deliver that power while you're out on some serious camping, caravanning or touring. This portable solar panel is made with an aluminium frame which is lightweight, durable, and reliable.

What is a XTM folding solar panel kit?

This XTM Folding Solar Panel Kit is the perfect way to get some extra power out of natural sunlight while you're travelling across this great country. Monocrystalline panels are space-efficient and have a long lifespan. Monocrystalline solar panels have the highest efficiency rates because they are made out of the highest-grade silicon.

Why should you choose XTM folding solar panels?

Its innovative folding support legs enable you to set it up on uneven surfaces, while its compact foldable design ensures hassle-free transport when it's time to hit the road again. The XTM Folding Solar Panel Kit boasts monocrystalline panels that are renowned for their space-efficiency and extended lifespan.

What is an XTM solar panel used for?

This XTM Solar panel setup is not just for 4wding/4x4 and camping, the solar will be used everyday to keep the Waeco/Dometic CFX95 fridge running and the batteries in it. Show more I install an XTM Solar Panel from BCF to the Toyota Land Cruiser 200 Series on a Rhino Pioneer Roof Rack.

What is a folding solar panel kit?

This folding solar panel kit comes with aluminium fold-out legs, heavy-duty steel fasteners, a solar regulator, alligator clips and a carry bag. You will only need your own 12V battery, then you have everything you need to keep

charged when you are camping or off-grid.

Does the XTM 20A MPPT solar controller work with a lithium battery?

If you have a lithium battery, there's no need to worry. Simply purchase the lithium-compatible XTM 20A MPPT Solar Controller, replace the included regulator, and you're good to go. Elevate your camping, caravanning, and boating experiences with this portable eco-friendly solar power source.
