

Xtm 160w folding solar panel

Overview

What is the XTM 160W folding solar panel kit?

The XTM 160W Folding Solar Panel Kit is the ideal companion for off-grid adventures, whether you're camping, caravanning, or touring. Equipped with high-quality 160W monocrystalline panels, it's crafted to deliver peak efficiency, allowing you to harness solar power wherever your journey takes you.

What is a XTM folding solar panel kit?

This XTM Folding Solar Panel Kit is the perfect way to get some extra power out of natural sunlight while you're travelling across this great country. Monocrystalline panels are space-efficient and have a long lifespan. Monocrystalline solar panels have the highest efficiency rates because they are made out of the highest-grade silicon.

Can I use the 160W XTM folding solar panel with a lithium battery?

The 160W XTM Folding Solar Panel is compatible to be used with sealed, gel and flooded batteries. If you have a lithium battery don't stress, simply purchase our lithium compatible XTM 20A MPPT Solar Controller , use it in place of the included regulator and youre good to go!.

Why should you choose XTM folding solar panels?

Its innovative folding support legs enable you to set it up on uneven surfaces, while its compact foldable design ensures hassle-free transport when it's time to hit the road again. The XTM Folding Solar Panel Kit boasts monocrystalline panels that are renowned for their space-efficiency and extended lifespan.

What is a folding solar panel kit?

This folding solar panel kit comes with aluminium fold-out legs, heavy-duty steel fasteners, a solar regulator, alligator clips and a carry bag. You will only need your own 12V battery, then you have everything you need to keep

charged when you are camping or off-grid.

Does the XTM 20A MPPT solar controller work with a lithium battery?

If you have a lithium battery, there's no need to worry. Simply purchase the lithium-compatible XTM 20A MPPT Solar Controller, replace the included regulator, and you're good to go. Elevate your camping, caravanning, and boating experiences with this portable eco-friendly solar power source.
